KRIEK FAMILY PROFILE

Dr Johan Kriek, wildlife veterinarian and until recently, commercial helicopter pilot, moved to SA in 1980 from Zimbabwe.

Started a mixed veterinary practise and soon after started importing wildlife from Africa to realise his dream of one day owning his own game farm.

Dr Johan & Daleen Kriek

In 1991 this dream was realised and the breeding of rare Roan and Sable antelope started, soon followed by the first private disease free Buffalo breeding project. His wife, Daleen Kriek, a qualified Physiotherapist assisted from the small vet practise days, through all the wildlife importation operations until now where she is still very much involved in the hospitality of Mattanu Private Game Reserve. Their eldest son Johann Kriek was born in 1980, followed by Jacques Kriek in 1982 and daughter Heleen Kriek in 1986. Son Johann qualified as an IT technician during 2001 and developed the Kriek Helicopters & Kriek Wildlife websites with electronic marketing platforms. He obtained his commercial helicopter license during 2006 & was instrumental in the certification of Kriek Helicopters as a commercial helicopter service. Jacques finished his degree in Tourism management/marketing and development and in 2006 actively started developing and marketing the breeding farm as a eco tourism destination evolving into the award winning Mattanu Private Game Reserve. He now chairs the WRSA Game rancher of the year committee since

2017 and serves on the WRSA board of directors since 2024. The whole Kriek Family also qualified as estate agents with Daleen and Johan being the principals. Along with their sons, under the Kriek Wildlife Group brand, they now specialise in the game breeding/capture/immobilisation, translocation, marketing of wildlife/farms as well as consulting and mentoring current and future game breeders. As professional hunters Dr Johan, Johann and Jacques also assist with all trophy and biltong hunts at Mattanu.

After a period at Mattanu, later manager at Thuru Lodge and also part of the Midlands group in Vereeniging until 2023, Burger Schoeman and Heleen settled in Paarl where he now runs the family owned Pêrel Sport with his father.

Other family members include Johann's wife, Dominique, with children Tiaan, Mine, Tertius and Lohann, a baby boy who arrived in 2019. Jacques's wife, Stephné and children Stephan, Jane and Mienke. Heleen and Burger with Pierre and baby Elaine who arrived late in 2019.

It is an honour and privilege to host the 10th annual Kriek Wildlife Group auction this year.

JJ van Altena is the owner of **Bdumbi Too Ranch** and the director of the well-known service provider for the wildlife industry, Global Supplies, one stop ranching service. Global Supplies is synonymous with top quality products and services.

Bdumbi Too Ranch, a farm in the Thabazimbi area bordering on ThabaTholo, was acquired in 2003. Shortly thereafter, the game farms activities expanded and Bdumbi Too Safaris was added, a stone's throw away. JJ and his sister used to call Elephants "Bdumbi's" because of the sound they make when they walk... bdum, bdum, bdum. This is how the name Bdumbi Ranch originated for the family's farm in Zimbabwe, then later to Bdumbi Too Ranches in Thabazimbi..

His breeding herds consist of outstanding Black-masked Zambian Sable, Buffalo, Kudu, Waterbuck, Nyala, Wildebeest, Red Hartebeest, Livingstone Eland and Gemsbuck - all with exceptional horn length and genetic strength. JJ has used his passion and experience gained in the last 30+ years to focus on breeding top quality indigenous species with exceptional genetic pedigrees. Bdumbi Too Ranches has successfully bred the new unofficial world record Waterbuck.

Op 'n **Boesmanlandse skaapplaas** naby Kakamas het my pa in 1976 besluit om 'n paar gemsbokke by 'n vriend in Helmeringhausen, Namibië, te koop.

Almal kan raai waar daardie wêreld se bokke oorspronklik vandaan kom. Hulle het uitstekend in die Boesmanland aangepas.

Toe goue gemsbokke begin gewild raak, het ek in 2012 Burchellgenetika uit Namibië ingekoop. Met die oorspronklike gemsbokke, saam met langhoringkoeie wat ingekoop is, het ek begin kruisteel en gou gesien dat ons besonderse horinglengte en -kwaliteit begin teel. Deur seleksie verbeter dit steeds jaar na jaar.

Reeds in 2016 is die eerste 42"+ koei op die Kalahari Wildswinkelveiling verkoop.

Ek glo dat die bokke wat aangebied word, 'n positiewe bydrae tot enige ander kudde kan lewer.

Dreyer van Zyl het die **Dreyer-van-Zyl-Wild** boerdery in 1989 begin met siektevrye buffels en in 1991 aangevul met bastergemsbokke en swartwitpense. Die drie spesies is vandag nog hulle fokus. Dreyer se dogter, Anndri en haar man, Greg Garrett (beide veeartse), het aan die begin van 2014 die bestuur van die boerdery oorgeneem. Greg en Anndri streef daarna om te bou op die kwaliteit van diere wat deur Dreyer se versigtige seleksie tot stand gebring is. Die DVZ swartwitpenskudde is aan die vroulike kant geslote sedert 1992, en die bastergemsbokkudde sedert 2003.

"Ons is trots op die kwaliteit van die diere wat ons produseer, wat die produk is van dekades se volgehoue seleksie. Min troppe is so geneties divers, iets wat ons glo is van uiterste belang om vrugbaarheid, aanpasbaarheid en algemene siekteweerstand te behou. Horinglengtes is baie belangrik, maar is beslis nie al waarop ons fokus nie."

Irene Safaris was founded by the late Jimmy de Smidt for his passion for wildlife, later joined by his son Henry and grandson Jimmy. We realized that we had to preserve our outstanding animals or we would lose them forever. Our sable comes from the core group of Zambian sable that was brought in by Ollie Coltman for Sable ranch. Our sable bull Savuti 50²/₈ was sold to the Piet du Toit wildlife group for his outstanding genes. Our gene pool is driven by good management and passion for animals. Our goal is to breed bigger better superior game animals. Our hope is that the future of our wildlife will always be bright for generations to come.

At **Karoo Experience**, we've dedicated 30 years to the art and science of breeding and rearing superb, super-healthy springbok. Our never-ending quest to offer the best involves superb genetics and the old-time values of integrity, patience, perseverance and passion for our craft. Karoo Experience is 'n uitvloeisel van stoeteling wat al vir 6 geslagte lank op Nuwejaarsfontein in De Aar distrik bedryf word. Karoo Experience teel 2 bloedlyne springbokke, naamlik kalahari en suiwer damaraland. Ons damara telings is in die vroeë 2000's begin met geselekteerde ramme en ooie wat ons in damaraland self gaan uitsoek het. Deur noukeurige seleksie het ons damara springbokke geneties gevorder tot van die beste in die land. Soos blyk uit die feit dat ons teel huidiglik met 18", 19" en 20" ramme in ons teel troppe.

Die geaardheid en rustigheid van ons damara springbokke is baie uniek. Ons kalahari teeltroppe is meer as 30 jaar terug begin met die hand uitgesoekte ooie vanaf 5 bronne wat elk 'n unieke eienskap aan die trop verleen. As gevolg van streng seleksie oor die jare is die trop gemiddeld iets om te beleef. Nie net horing lengte nie, maar ook lyf grootte is 'n baie unieke eienskap van die teling.

Bogenoemde staaf ons beleid dat 'n stoetery bestaan uit 'n trop hoë kwaliteit vroulike diere.

Karoo Experience - Hart and soul for springbok.

JAKHALSDANS - KAROO WILDDIENSTE

Jakhalsdans, 'n simbool van liefde vir die Karoo se natuur en wildlewe, word al vir vier geslagte deur die Van der Westhuizen-familie bewerk. In 1953 het ons die eerste stappe in wildboerdery geneem, teen die oortuiging van diegene wat geglo het dat die Karoo nie geskik was vir sulke ondernemings nie.

Vanaf daardie tyd het ons wildbedryf gegroei en in 1995 het ons 'n ervare span vir wildvangsaktiwiteite saamgestel, en Karoo Wilddienste is toe gebore. Ons teel topgehalte, geharde diere wat enige plek in die land kan oorleef. Met 'n onwrikbare toewyding tot kwaliteit en 'n passie vir die natuur en die wildbedryf, streef ons na tevrede kliente en die lewering van diere van hoogstaande gehalte.

Ons geloof in die bewaring van die Karoo se natuurlike erfenis en ons toewyding tot uitnemendheid is ons riglyn in elke aspek van ons bedryf.

Die Covid 19 Pandemie het my opnuut laat besef dat 'n Boerdery in SA nie al sy eiers in een mandjie kan he nie. In die Karoo is jy verseker van twee werlikhede Droogte en jou geboortedatum. 'n Trofee Springbokram het 'n ongekende estetiese waarde in die Karoo. Wild in privaat besit het ongelooflike toekoms potensiaal vir jongboere. Net soos 'n Merino skaap 'n driedoelige waarde het nl. Teel, Wol & Vleis het 'n Springbok ook daai waarde in Teel, Jag & vleis. Beide die Merino & Springbok is aangepas vir ekstreme omstandighede en wisselvalligheid.

As lid van die WRSA, SCI & Voorsitter van die Philippolis Wildtelers Vereniging is dit vir my 'n passie en voorreg om al 15 jaar met wild te kan teel en deel te kan wees met die ongelooflike bewaring en vordering wat ons as Suid-Afrikaanse boere oor die dekades heen in bele het. Ek is baie positief en opgewonde oor wat die wildbedryf in privaatbesit nog gaan vermag.

At PrecMeta Game Breeders we strive to breed animals that is exotic & rare. Precious Metals - where our name originate from. To distinguish "exotic & rare" metals in to clarification of value.

PrecMeta streef daarna om wild te teel wat eksoties & skaars is. Edelmetale - waarvan ons naam ontstaan

Ons is trots op ons rooibok genetiese teling en spesialiseer in elke groep en subgroep.

Byvoorbeeld, in ons gevlekte rooibok teelprogram het ons bereik om die "eksotiese & skaars" waardeklassifikasie te onderskei in 'n Rhodium, Palladium en Platinum gradering.

Waar jou Rodium-gradering bestaan uit 'n gevlekte swart saalrug met 'n wit skoon onderlyf, jou mees "eksotiese & skaars" gevlekte rooibok.

Die Palladium-gradering bestaan uit 'n swart saalrug met 'n wit skoon onderlyf.

Laastens die Platinum-gradering wat meer algemeen onder telers voorkom, 'n swart saalrug en gevlekte (grys en wit) onderlyf

In 1994 Richard de Vos Snr's lifelong dream of creating a sustainable family farming operation realized when he purchased a herd of Sable. In 2011 all his sons joined the business upon acquiring Quaggasfontein Private Game Reserve. Quaggasfontein is a secluded jewel near the town of Colesberg in the Northern Cape. Here, in the vast and extensive Karoo, we have as our sole focus, to maintain the simplistic principles of life so tangibly found in our unique environment. A calming existence can be experienced in the operational variety of business on Quaggasfontein. Unique riparian and semi mountainous habitats, lend itself to a balanced composition of species to be found on this 11 000ha reserve. Herds of both small and large herbivores can be encountered. From the timid Springbok that once owned the Karoo, to the burly Cape Buffalo. It will be easy to understand where our slogan was conceived "Where Quality Roams!".

Spitzkop Wild is situated 25 km outside Kimberley in the Jacobsdal district. We started with a core herd of oryx in 2016, chosen for their large bodies and exceptionally long horns.

Over time, we have selectively purchased cows that would enhance these features. In 2019, we added Spikes (44"), Son of Master Jack (45") to our herd of cows. We had our most recent tag and measure exercise in February 2025, where we had young bulls with horns measured more than 43 inches and a base of larger than 7½ inches.

With large bodies and very symmetrical horns..

This is very exciting to us and bodes well for the future of Spitzkop's herd.

Ek, Ivan White en Andre Louw het in 2016 besluit om saam te boer, waar Andre 'n 4000ha skoon stuk gekoop het om te ontwikkel!

Ek as omgewings spesials en al Andre se agtergrond in toerisme en as besigheid entrepreneur het 'n perfekte, gedigte span gevorm!

Die idee van die boerdery was altyd om besonderse genetika te teel asook om 'n self onderhoudende plaas te skep!

Ons is al vir 9 jaar besig met ontbossing projekte om die algemene dra krag van die plaas te verbeter omdat Namibia maar oor die algemeen droë toestande beleef en die toekoms van reen onseker is!

Ons teel grootliks met Goue Wildbeeste, Sables, Roans en Livingstone Elande waar ons al van die Top Teel diere uit hierdie kuddes geteel het in Namibia!

Vandag kan ons met trots se ons het al sukses behaal in ons boerdery en volhoubaarheid bereik en strewe om net om beter bloedlyne en genetika te Teel!

Ons wil ook ons teel kuddes in die eksotiese wild verbreed.

"Tiko"verwys na Bitter, maar altyd met 'n postiewe perspektief! Ons strewe na bitter mooi en bitter goeie genetika, en is trots op ons plaas!

Tidal Winds is a family business that specializes in the breeding of rare exotic game and some colour variants.

Our family has a very long history in farming. We are forth/fifth generation farmers. My great - great grandfather arrived in 1802 in the Griqualand West region (Northern Cape). Game breeding is the newest addition to our family business. The game industry has progressed in leaps and bounds over the last 20 years.

At Tidal Winds our focus is to select the right genetics from the top breeders in the industry to ensure that we have the necessary diverse genetics available for our own breeding program. We strongly believe that a diverse genetic pool is the foundation of the breeding program on which you build. Building blocks such as science, heard manship and selective breeding practices are used to breed super big, super healthy and well adapted game. Our long-term goal is to restore the species to their former glory in years gone by.

We believe that conservation and hunting are the two core components of sustainable development of the game species. You cannot have the one without the other.

We are 10 km from Mattanu Private Game Reserve in the Barkly West district, Northern Cape. We purchased sable in 2014 out of the Kriek gene pool and subsequently also purchased a 46,5" sable bull from Mattanu, which has bred tremendously, boosting our operation. We conduct mainly hunting operations and also breed sable.

We conduct mainly hunting operations and also breed sable and very proud to have bred our first 49" bull that will be on the Kriek Wildlife Auction this year.

Vanzylsrus, 'n klein dorpie geleë in die Noord-Kaap, in die hart van die Kalahari, is waar wyle Dysman en Alta van Eeden boer.

Dysman besluit in 2010 om hul boerdery te diversifiseer en koop sy eerste swartwitpense aan by die Crous Broers en Hannes Maré.

Dysman is in 2010 oorlede en sy vrou Alta gaan aan met die swartwitpens boerdery. Genetika van Tina De Jager en Dries Visser is later bygevoeg.

Die kudde is aangepas in die Kalahari en lewer jaar na jaar top jag en aanteel diere op.

Die Marx-broers is al 34 jaar betrokke by dié boerdery in die Philippolis-distrik.

Die Bo-Karoo is bekend onder die perdetelers vir die veld se hoë waarde in spoorelemente en kalsium, gemeng met goeie genetiese diversiteit en seleksie vir groter trofee deurmiddel van jag, glo die broers in dié resep vir die teel van kwaliteit trofeediere.

RULES OF AUCTION

in respect of sales by

Wildswinkel Veilings (Pty) Ltd – Registration Number: 2015/316030/07

(As auction house, herein after referred to as the "Auctioneer" and the person conducting the auction referred to as the "auctioneer")

WILDSWINKEL

1. All goods sold by auction will be subject to a reserve price, unless specifically stated otherwise by the auctioneer at the start of the auction.
2. Unless where notice is given, it is not allowed that the Owner / Seller, his agent or the Auctioneer may bid on any of the Owner's / Seller's goods sold by auction. However, individual Sellers may bid on other Sellers' animals.
3. These Rules of Auction comply with Section 45 of the Consumer Protection Act, Act 68 of 2008 ("the Act") and the Regulations of the Act as applicable, which read as follows:

Section 45: "Auctions"

- 1) *In this section, "auction" includes a sale in execution of or pursuant to a court order, to the extent that the order contemplates that the sale is to be conducted by an auction.*
- 2) *When goods are put up for sale by auction in lots, each lot is, unless there is evidence to the contrary, regarded to be the subject of a separate transaction.*
- 3) *A sale by auction is complete when the auctioneer announces its completion by the fall of the hammer, or in any other customary manner, and until that announcement is made, a bid may be retracted.*
- 4) *Notice must be given in advance that a sale by auction is subject to—*
 - a) *a reserved or upset price; or*
 - b) *a right to bid by or on behalf of the owner or auctioneer, in which case the owner or auctioneer, or any one person on behalf of the owner or auctioneer, as the case may be, may bid at the auction.*
- 5) *Unless notice is given in advance that a sale by auction is subject to a right to bid by or on behalf of the owner or auctioneer—*
 - a) *the owner or auctioneer must not bid or employ any person to bid at the sale;*
 - b) *he auctioneer must not knowingly accept any bid from a person contemplated in paragraph (a); and c) the consumer may approach a court to declare the transaction fraudulent, if this subsection has been violated.*

- 6) *The Minister may prescribe requirements to be complied with by an auctioneer, or different categories of auctioneer, in respect of—*
 - a) *the conduct of an auction;*
 - b) *the records to be maintained with respect to property placed for auction; and*
 - c) *the sale of any such property by auction.*
4. The auction is conducted for the normal and voluntary disposal of the Owner's / Seller's goods.
5. Buyers are bidding per piece to take the lot, unless where explicitly stated otherwise by the Auctioneer or in the Auction Catalogue.
6. The auction will start at the published time. The auction will not be delayed to allow any specific person or more persons to take part in the auction.
7. All goods sold at the auction are sold by the Auctioneer as agent on behalf of the Owner / Seller. The Owner / Seller hereby authorises the Auctioneer to issue invoices, credit and debit notes as applicable on its behalf and agrees not to issue the aforementioned for the same supply. The Owner/Seller also hereby authorises the Auctioneer to collect the purchase price from the Buyer and the Owner / Seller do hereby cede to the Auctioneer all the Owner / Seller's rights, title and interest in and to its claim for payment of the purchase price against the purchaser, which session the Auctioneer do hereby accept.
8. The purchase price of the goods sold by auction specifically excludes VAT and VAT must be added to the purchase price and paid by the Buyer unless specifically indicated otherwise. Declaration and compliance related to all applicable taxes is the responsibility of the Owner/Seller and Buyer as relevant.
9. Transfer of risk:
- 9.1 Risk in respect of profit and loss in the goods sold per catalogue shall pass to the Buyer upon the fall of the hammer and upon acceptance of the bid by the Owner/Seller. The risk in mortality of the goods will remain with the Owner/Seller until the goods are loaded on the Buyer's transport. Where delivery is included in the bidding price

the risk in mortality of the goods will remain with the Owner/Seller until safe step-off at the Buyer's address.

- 9.2 In the event where animals kept in boma are auctioned, risk in respect of profit and loss in the goods sold will pass to the Buyer upon the fall of the hammer, which risk include mortality.
- 9.3 Notwithstanding the passing of risk, ownership shall remain vested in the Owner/Seller until such time as the full purchase price has been paid to the Owner/Seller.
10. Delivery of the goods sold at the auction, shall only be given to the Buyer upon the Buyer fully performing its payment obligations in accordance with these conditions of sale. The Owner / Seller shall be responsible for costs incurred to deliver the goods on the Buyer's transport. The Buyer shall be responsible for procuring and paying for transport of the goods from the Owner / Seller's property.
11. The parties specifically agree that no bid may be retracted after the bid has been knocked down (fall of the hammer) and accepted by the Owner / Seller, unless the Owner / Seller consents thereto in writing.
12. Subject to any reserve price placed on any of the goods by the Owner / Seller, the Buyer at any sale by auction shall be the highest bidder indicated by the auctioneer by the fall of the hammer or by such other means as the auctioneer may select.
13. The auction shall take place under the direct and exclusive control of the auctioneer. The auctioneer reserves the right, in its sole discretion, to refuse the bid of any person, to regulate the bidding and to indicate the highest bidder. If the auctioneer suspects that a bidder has not made a bona fide bid, or is unable to pay the purchase price or has not made satisfactory arrangements for payment of the purchase price, he may refuse to accept the bid of such bidder or accept it provisionally until the bidder has satisfied him that he is in a position to pay the purchase price or that he has made satisfactory arrangements for payment thereof. On refusal of a bid under such circumstances the goods may immediately be re-auctioned.

14. In the event of a dispute arising amongst the bidders and / or the Auctioneer, the goods in dispute shall, at the sole discretion of the Auctioneer, be re-auctioned.
15. Any error by the auctioneer shall be entitled to be corrected by him or her immediately upon discovery.
16. Should any contractor remove any goods from the sale venue on instruction of the Auctioneer, acting on behalf of the Buyer, the contractor will be deemed to be the contractor of the Buyer who accepts all costs and risks connected with such removal.
17. The Owner / Seller warrants that there are no encumbrances on such goods, that the said goods are the property of the Owner / Seller, and that the Owner / Seller is competent and legally entitled to dispose of the goods.
18. The Owner / Seller, who offers the goods for sale, accepts all liability regarding the information furnished as to pedigrees, ages, dates of service, state of health or gestation or any other particulars which might be incorrect. In the event of any dispute the Buyer shall only have a claim against the Owner / Seller and not against the Auctioneer. The Owner / Seller and Buyer indemnify the Auctioneer against any claim(s) regarding the information furnished as to pedigrees, ages, dates of service, state of health or gestation or any other particulars which might be incorrect.
19. Should any animal auctioned by catalogue be sold as pregnant, pregnancy will be confirmed upon capture for loading, costs of which are for the Owner's/Seller's account. Furthermore, where an animal is sold as pregnant, pregnancy upon loading is guaranteed, but no calf or lamb is guaranteed. Once safely loaded onto the Buyer's transport, the risk of the animal's pregnancy transfers to the Buyer.
20. Where goods are put up for auction the following conditions apply to such goods:
 20. 1 Where the age of the animals are not specified, the animals will be regarded not to be older than 5 years and in a good and healthy condition.

The commission shall be payable on the new terms as agreed upon between the Owner/Seller and Buyer and approved by the Auctioneer.
- 20.6 Horn lengths provided by the Owner/Seller or its duly authorised representative, of animals put up for auction, are warranted by the Owner/Seller.
21. The Owner / Seller warrants that the goods sold are free of any known patent and latent defects and that any right or claim ceded to the Auctioneer in terms of these Rules of Auction is free of any defect or right of deduction or set-off, and that the said right or claim is fully and immediately enforceable against the Buyer.
22. The Buyer shall, prior to the sale, ascertain whether there are any defects in the goods and any bid by a Buyer shall be considered as acceptance of the goods with any patent or latent defects in their condition at the time of sale.
23. The Buyer shall not be entitled to withhold payment of the purchase price to the Auctioneer as a result of any possible or pending claim that he may have against the Owner / Seller on the grounds of misrepresentation or for any other reason whatsoever.
24. The purchase price is payable by the Buyer to the Auctioneer via electronic transfer ("EFT") on the day of the auction ("the payment date") unless other payment terms and or means are agreed between the Auctioneer and the Buyer. The Auctioneer reserves the right to refuse any other method or means as payment. Payment by way of EFT will only be regarded as done as soon as the funds transferred reflects and are available in the Auctioneer's bank account.

 - 25.1 The election to make any payment to the Owner / Seller shall be in the sole and absolute discretion of the Auctioneer, which discretion may be exercised separately with regards to each transaction entered into by the Buyer.

 26. In the event of any Payment Terms Agreement between the Auctioneer and the Buyer, the following shall apply:
 - 26.1 No Payment Terms Agreement shall be valid unless reduced to writing and duly signed on behalf of the Auctioneer. The facilitation of any sale by the Auctioneer as referred to in this paragraph 26 shall be strictly subject to the terms and conditions of the Payment Terms Agreement.
 - 26.2 In the event of any conflict between the contents of this document and the Payment Terms Agreement, the provisions of the Payment Terms Agreement shall prevail.
 - 26.3 No application for credit as defined in section 8 of the National Credit Act, Act 34 of 2005, will be received or considered by the Auctioneer.
 27. The prospective Buyer must sign the registration entry and furnish the Auctioneer with a copy of his/her identity document and proof of residence (not older than 3 months).
 28. Any person who purchases on behalf of a Principal (i.e. natural person) must furnish the Auctioneer with a written signed Power of Attorney, prior to the commencement of the auction, failing which he/she will be personally liable for payment of any purchases made by him/her. The person bidding on behalf of or signing any document on behalf of the purchaser pursuant to a successful bid hereby binds himself/herself personally as co-principal debtor with the Buyer for payment of the purchase price and personally guarantees all the obligations of the Buyer under these Rules of Auction. This paragraph 28 specifically

excludes where a Wildswinkel employee enters bids on behalf of a Buyer, who gives instructions telephonically or otherwise, and any and all Wildswinkel employees are hereby indemnified by a Buyer who gives instructions telephonically or otherwise on the Buyer's behalf and the Wildswinkel's employee who signs any document on behalf of a Buyer is indemnified by the Buyer and duly authorises the Wildswinkel employee to sign the vendu roll or any other document with regards to the purchase of a lot.

Where a person is bidding on behalf of another entity the letter of authority must appear on the letterhead of the entity and must be accompanied by a certified copy of the resolution, if required, authorising him or her to bid on behalf of the entity. The person bidding on behalf of or signing any document on behalf of the Buyer pursuant to a successful bid hereby binds himself personally as co-principal debtor with the Buyer for payment of the purchase price and personally guarantees all the obligations of the Buyer under these Rules of Auction.
30. In the event where a Buyer allows another person to purchase on his or her Buyer's number, the registered Buyer shall be liable for payment of such purchases. No bid by an unregistered Buyer will be accepted by the Auctioneer and the Buyer will have no claim to any of the goods allegedly purchased by him.
31. Until all amounts owing by the Buyer have been paid in full, the Buyer hereby:
 - 31.1. irrevocably undertake to identify the purchased goods in such a manner that he can at any time identify and indicate the goods deemed to be the property of, and pledged to, the Auctioneer.

governed in accordance with the laws of the Republic of South Africa.

33. A certificate issued by a Manager of the Auctioneer, whose appointment and authority shall not be necessary to prove, shall be prima facie proof of the amount owing by the Buyer to the Owner / Seller or the Auctioneer.
34. Any indulgence granted by the Auctioneer to the Buyer or the Owner / Seller will not prejudice the rights of the Auctioneer in terms of these Rules of Auction and such indulgence will not constitute an amendment or waiver or novation of these Rules of Auction.
35. The entries made in the Auctioneer's auction roll shall be prima facie evidence of the transaction and shall be binding on the Owner / Seller and the Buyer.
36. The bidder's record and the vendor or vendu roll will be made available for inspection within reasonable time after the auction at the office of the Auctioneer during normal business hours free of charge.
37. All money will be paid into a trust account for the benefit of the Owner / Seller, minus the agreed commission and additional costs agreed upon by and between the Auctioneer and Owner / Seller.

Any goods entered or offered for sale are subject to payment by the Owner / Seller / Buyer of the agreed commission, or in absence of an agreement the usual commission by the Owner / Seller / Buyer to the Auctioneer at the rate customarily charged by the Auctioneer from time to time, whether the goods are sold at the auction or thereafter, or within 30 days thereafter by private treaty. Unless otherwise agreed in writing, commission shall become due and payable by the Owner / Seller / Buyer upon the fall of the hammer or upon the entering into of any private treaty involving the Owner / Seller's said goods, whichever date is the earlier, and notwithstanding any breach on the part of the Owner / Seller / Buyer.

ADDITIONAL RULES OF AUCTION

1. Wildswinkel's standard Rules of Auction will apply to all lots, unless in contradiction with any of the terms set out in these 'Additional Rules of the Auction'.
2. Live-Online Bidding (if applicable):
The Auctioneer conducts the auction utilising technology where prospective Buyers are not required to attend the auction but can enter bids remotely utilising the Auctioneer's online platform. Consequently, a prospective bidder may enter bids against individuals who are physically present at the auction and vice versa. In light thereof the Owner/Seller, prospective Buyers and Buyers expressly takes note of and agree to the following:
 - 2.1 The prospective Buyers and Buyers shall strictly observe the instructions from the auctioneer where bids are accepted from the attendees and online bidding platform.

- 2.2 The prospective Buyers and Buyers and/or its representatives, as the case may be, shall take reasonable steps to ensure that he or she is connected to the internet. It is advised not to utilise the internet if connectivity is poor and/or less than 4 megabits per second (Mbps) upload and download speed.
- 2.3 The prospective Buyers and Buyers shall take reasonable steps to ensure that the feed on the online platform is frequently refreshed where it does not do so automatically.
- 2.4 The prospective Buyers and Buyers and Owner/Sellers takes note and acknowledges that the auctioneer shall be entitled to close the online bidding for a particular lot prior to knocking down the hammer in order to take a final bid from the 'live attendees'. In the event where such bid was made and accepted, the auctioneer may, at its own discretion, reopen the online bidding for that lot to accept additional bids. 2.5 Once a bid is made it cannot be withdrawn. 2.6 Neither the Auctioneer, the Sellers' or the Auctioneer's representatives will be liable for any failure in connectivity or software while using the online bidding platform. 2.7 Neither the Auctioneer, the Sellers or the Auctioneer or Sellers' representatives will be liable for software failure of any nature.
3. Timed Auction (if applicable):
 - 3.1 The provisions of the 'Timed Auction Rules' applies to all lots sold on the 'Timed Auction' and will prevail when in contradiction with the 'Rules of Auction' relating to a lot sold on the 'Timed Auction'.
 - 3.2 All goods sold on the Timed Auction will be subject to a reserve price, which reserve price may be higher than the minimum starting price.
 - 3.3. In respect of lots auctioned on the Timed Auction, the following additional terms and conditions will apply:
 - a. Subject to paragraph 3.3(b) below, lots on the timed auction will close as per the specified date and time per lot as advertised on the online bidding platform, subject to an Extension Period. The closing of lots may be staggered.
 - b. In the event where bidding on a lot will close and a bid is received within 2 minutes of the published closing time, the

time to enter a bid shall be automatically extended for an additional period, which period is customarily 2 minutes, but may vary from time to time (the "Extension Period").

- c. A lot will not close if a bid is received during an Extension Period and shall automatically be extended for a further Extension Period. A lot will only close if a final bid on the lot stands alone for a period equal to the Extension Period. The lot will only close if a final bid on the lot is received and stands alone for a period equal to the Extension Period.
- d. The "fall of the hammer" on a lot for the purposes of the timed auction is defined as the date and closing time published on the online bidding platform and/or the Seller's/Auctioneer's public websites, alternatively at the date and time a final bid on a lot stands alone for a period equal to the Extension Period, whichever occurs last.
- e. All lots on sale on the timed auction will have a minimum starting bid price which will be indicated on the online bidding platform. Any bid above the minimum starting bid price will not necessarily be successful as the lot may be subject to a reserve price. Should the reserve price not be met, the lot will not be sold and shall be marked to be 'Subject to Confirmation (STC)'. Should the aforementioned occur it is advised to make contact with the Auctioneer as soon as possible to obtain instructions from the Owner/Seller to explore the viability of entering a transaction. This does not create any right of refusal nor does it impose an obligation on the Owner/Seller or the Auctioneer to enter any transaction.
- f. The minimum bidding increment may vary per lot but is specified on the online bidding platform.
- g. Once a bid is made it cannot be withdrawn.
- h. Neither the Auctioneer, the Sellers' or the Auctioneer's representatives will be liable for any failure in connectivity or software while using the online bidding platform.
- i. Neither the Auctioneer, the Sellers or the Auctioneer or Sellers' representatives will be liable for software failure of any nature.
